

# Bastelanleitung Tetraboo

## UPCYCLING GUIDE

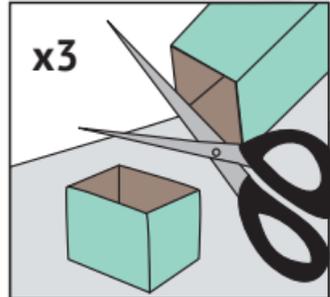

1. Drei Tetrapacks leeren

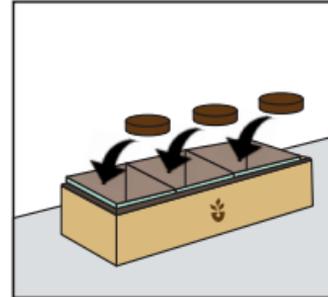

2. Tetrapacks in Box stellen und Anzugsbags messen

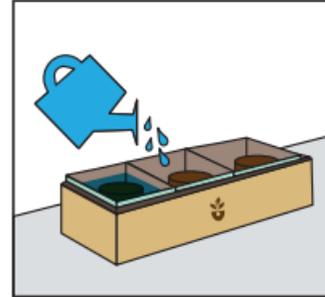

3. Anzugsbags schneiden

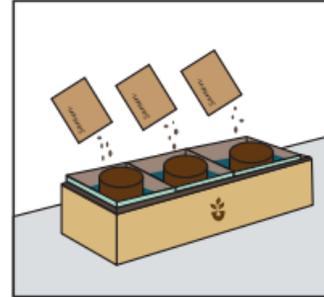

4. Quelltabletten einlegen

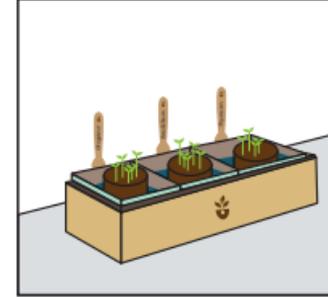

5. Quelltabletten wässern und ca. 30 min warten

6. Samen in gequollene Tabletten einstreuen

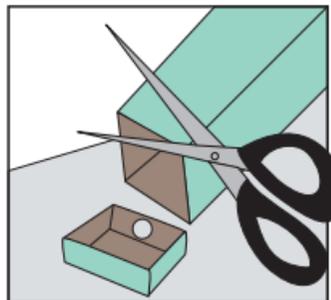

7. Holzstäbchen beschriften und ca. 1 Woche warten

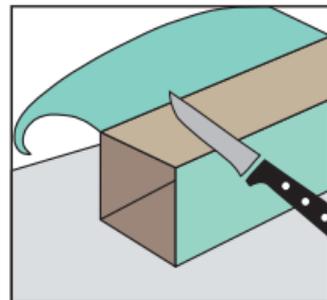

**Alternativ:**  
Anzuchtphase überspringen und direkt die Pocketbags gestalten, um diese zu bepflanzen.

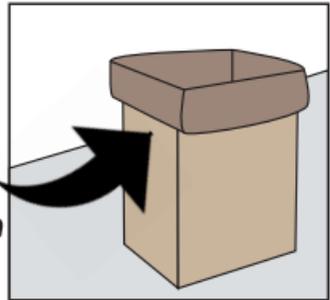

8. Gestalten der Pocketbags: Tetrapacks oben abschneiden

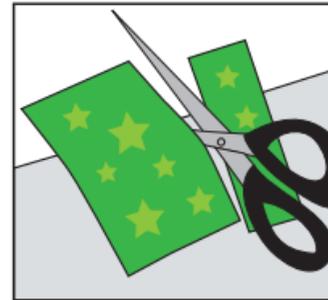

9. Tetrapacks schälen

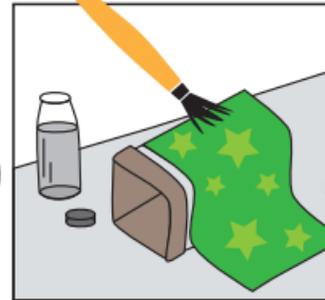

10. Einmal umkrepeln

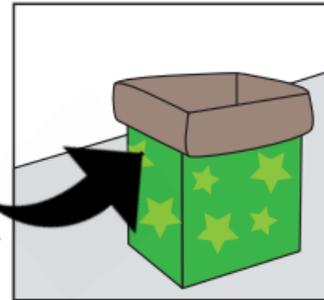

11. Serviette zuschneiden

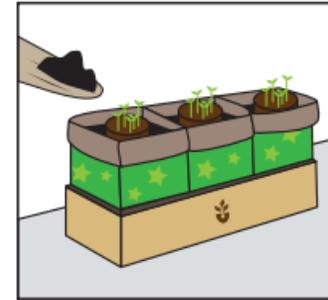

12. Serviette anziehen

13. Zum zweiten Mal umkrepeln

14. Erde einfüllen und bepflanzen (Anzucht/Samen)

15. Wässern, warten, ernten
